To Whom It May Concern:

Re: Glen A. Morrison

I have practiced family and criminal law for over thirty years. Glen Morrison is a dedicated professional, who recently provided a very detailed, thorough analysis of a difficult motor vehicle accident for one of my clients in a short amount of time. Mr. Morrison's expertise and reports are impressive, especially his accessibility, meticulous attention to every aspect of the situation, and reasonable rates. I am fortunate to have Mr. Morrison's experience and skills assist with my defense; he is easy to communicate with and charges a reasonable fee for his work.

I highly recommend Mr. Morrison to anyone needing investigative services. I am happy to answer any questions about his remarkable talents and abilities.

Sincerely,

Karen D. Stevan
